

Prep Time: 10 minute

Serves: 4

Ingredients

- 1 can (398mL) **full-fat coconut milk**, chilled
- 10 drops liquid stevia
- 1 teaspoon **pure vanilla extract**, alcohol-free preferred
- 170 grams fresh berries
- 90 grams chopped walnuts

Instructions

1. Add coconut milk, stevia and vanilla extract to the bowl of your **stand mixer**. Using the whisk attachment, whip for 30 seconds until well combined. Set aside.
2. Mix berries and walnuts in a large bowl. Set aside.
3. Spoon vanilla creme pudding into 4 separate jars, about 3 spoonfuls each. Then, divide half of the walnut mixture between the jars. Spoon a second layer of vanilla creme pudding over top, followed by the remaining walnut mixture.
4. Option to top with a light sprinkle of ground cinnamon. Serve!
